

Soundview Park Project

On January 10th, 130 friends and neighbors of Soundview Park attended the public meeting to review the project's proposed master site plan. The community showed overwhelming support for the idea of making this park a more user-friendly and safer space within our neighborhood. We know you value safe and well-maintained parks as much as we do, and so we invite you to help us raise funds to refurbish this much-loved community space.

We need your assistance to raise \$150,000 in services and cash for this project. **Your gift will be matched by the City** and will demonstrate to city officials that community support exists for this project. Once necessary funds are raised, including grants, the plan is to break ground in fall 2002.

There are a number of ways in which you can contribute:

Donated Materials and Services Needed:

- Plants, trees & landscaping features
- Copying, printing & photography
- Boulders, benches & landscaping material
- Soil & sand
- Concrete & brick work
- Scale model preparation
- Dirt moving/grading
- Signage & paint
- Banners & artwork
- Demolition & site work
- Food for work parties
- Tools & lumber

Give a Tax Deductible Donation:

Your gift to the Soundview Park Project will keep the sense of community alive in our neighborhood. See below for a variety of ways in which you may contribute.

Note: Your donation is tax deductible. Soundview Park Project has an arrangement with Groundswell NW (a non-profit 501(c)(3) organization in Ballard) that makes your cash or service contribution tax-deductible. Fill out the attached form and send it in today!
